## **Her Bear to Hold (Second Chance Shifters) Meredith Clarke**

Mika has wanted Trinity from afar since they were in school together. She was quiet, delicate, and sweet, which always brought out his protective side. An early shifter, Mika always felt like a large, bumbling, awkward bear in her presence, so he never worked up the courage to make his move.

Trinity followed her dreams after high school and went to Los Angeles to pursue her a career in dance. Raised by a single mother with no idea who her father was, Trinity was shocked, confused, and terrified, when in her late twenties she found out she was a snow leopard shifter. Needing comfort, familiarity, and a place to roam safely, she decided to return home to Spring Creek.

Mika knows interspecies mating is illegal, but when Trinity returns home, their pull is too great, and he decides she's worth the risk. What starts out as chemistry, quickly turns to more, and Mika realizes that Trinity has always been his mate. Snow leopard or not, all Mika knows is that he wants to be with her for the rest of his life. The question is, can he convince Drake, his clan, and the town, that there shouldn't be laws dictating who he can love, or will he and Trinity have to leave everything, and everyone they love, behind?

Her Bear to Hold is a STANDALONE in the Second Chance Shifter Series, but a companion to Her Bear for Life, and Her Bear to Keep. It contains a sweet, yet independent heroine, a large brooding bear shifter, and sex in all the right places.
