The Centauri Device (S.F. Masterworks) M. John Harrison

John Truck was to outward appearances just another lowlife spaceship captain. But he was also the last of the Centaurans - or at least, half of him was - which meant that he was the only person who could operate the Centauri Device, a sentient bomb which might hold the key to settling a vicious space war. M. John Harrison's classic novel turns the conventions of space opera on their head, and is written with the precision and brilliance for which is famed.
