**Globalization and Environmental Challenges: Reconceptualizing Security in the 21st Century
(Hexagon Series on Human and Environmental Security and Peace)**

Put quite simply, the twin impacts of globalization and environmental degradation pose new security dangers and concerns. In this new work on global security thinking, 91 authors from five continents and many disciplines, from science and practice, assess the worldwide reassessment of the meaning of security triggered by the end of the Cold War and globalization, as well as the multifarious impacts of global environmental change in the early 21st century.
