ALWAYS SHAKEN - FOREVER STIRRED, Representations of men and women in James Bond films Tuuli Eltonen

The secret agent 007 is undeniably among the most long-standing and the most popular heroes we know. The charm of the character and the films has already lasted over five decades and the films have appealed to various types of viewers. It is precisely this survival throughout times that makes James Bond films culturally highly interesting and relevant.

Always Shaken – Forever Stirred, Representations of men and women in James Bond films analyses gender images from the 1960s to the 21st century. The book concentrates mainly on the representations of Bond (played by Sean Connery, George Lazenby, Roger Moore, Timothy Dalton, Pierce Brosnan and Daniel Craig), the Bond girls and female villains.

What is exceptional in this book is the fact that it presents the emancipating potential of the films. Bond can function as an object of look, irony and action, and female characters can be witty, professional and active. The gender politics in Bond films is not as simple as it is usually thought to be, but ambiguous and intriguing. It is always shaken, forever stirred.
