## Visual Dictionary, Architecture & Construction Carles Broto

Architects, builders and students in general will find in this book a visual and thematic reference on architectural design, technology and history. Based on similar subjects and ideas, it contains full plates with descriptive illustrations. Thus, from general subjects one can reach the smallest detail of their constituent elements. Each section also has the equivalent in English, French and German of the over 6,000 terms in Spanish.

This complete visual dictionary of architecture and construction is the most important illustrated work of reference and practical use on the complex subject of architecture.
