**Ronald Canty:**

As a scholar exactly feel bored in order to reading. If their teacher requested them to go to the library as well

as to make summary for some reserve, they are complained. Just tiny students that has reading's internal or real their passion. They just do what the instructor want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that looking at is not important, boring and also can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this Automated Software Testing: Introduction, Management and Performance 1st (first) Edition by Dustin, Elfriede, Rashka, Jeff, Paul, John published by Addison Wesley (1999) can make you feel more interested to read.
