*The electrifying second installment of the LZR-1143 series: a post-apocalyptic, action-packed zombie collection!*

**Book One: LZR-1143: Infection**

**Book Two: LZR-1143: Evolution**

**Book Three: LZR-1143: Redemption**

In the midst of a zombie apocalypse, it takes a movie star to do the impossible.

Which is exactly what Mike McKnight will have to do to survive.

The dead have risen. A lethal virus has decimated millions, turning the infected into the walking dead.

Society has crumbled, cities are in flames, and the human race is on the verge of extinction.

Somehow, Mike has survived. So far. From his cell in a mental institution, he battled the ghosts of his past and throngs of undead to uncover and retrieve the last vestige of mankind's hope to fight the deadly plague.

Now, from the deck of an aircraft carrier, to the farmlands of the Eastern Shore and the very heart of the nation's capital, this former action movie star carries the hope of an entire race. With him rests the only chance at fighting the spread of the virus, and turning back the tide of infection.

But the undead are changing. They are evolving. Hunting in larger groups and banding together to track their prey, they are more dangerous predators than ever before. To survive, he will have to learn to adapt, and to come to grips with the most important evolution of all: his own.
