The Book of Aquarius reveals one particular secret which has been kept hidden for the last 12,000 years. It is the nuts and bolts for the process of Alchemy. Alchemy is used to create the Philosophers' Stone and the Elixir of Life, also known as the Fountain of Youth, Ambrosia, Soma, Amrita, and Nectar of Immortality. "Throughout history this secret has been used by a very few to extend their lives hundreds of years in perfect health, with access to unlimited wealth, among many other miraculous properties. Some kept the secret because they understood that the time was not right for the secret to be free for all people, but most kept the secret out of their own jealousy, ignorance, egotism and corruption. The Stone's history and the history of the human race up until this day is a strange story full of secret societies, hooded cloaks, and mystical symbols. Such theatrics are childish and shallow. It's pointless to look for the light in the shadows. The Philosophers' Stone operates and is made by entirely natural and scientific means. Truth is always simple, beautiful and easy to understand." ~Author Note From Publisher: This book was an amazing find while researching Alchemy on the net in 2012. The anonymous author gave the book away to the public domain. The book in its electronic "free" edition had not been edited for spelling or typos. There was a forum at <http://www.alchemy.ws/forum/>. It became inactive in 2014 and I have not investigated recently on what happened or where it went. I did speak to the anonymous author via email on this site and had his blessing to produce and sell this book. This SaltHeart Edition has been proofed and edited and includes a paginated index and glossary.
