Marie is not normally used to taking orders from others; she has worked hard to achieve success, and is intending to move a lot higher in the business. She is used to the attention she gets from others, and she is more than aware of how to use her body to get what she wants.

Yet one colleague has the ability to get her to do anything. He doesn't reduce her to an emotional wreck, or ever say anything nasty, in fact, under different circumstances she might even find him attractive. But, no matter what he asks she finds herself doing it; without any complaints.

Finally she has had enough, she might not know why she drops everything to help him but she is going to put her foot down! She tells Daniel, in no uncertain terms, that she is not his doormat. Instead of the expected response, she starts a chain of events which quickly lead her down a new path.
