The Arathian Series book #2

Rexvan has spent the last decade as the Arathian Ambassador to the Galactic Alliance. Now onboard the Adastra with Kor, Ty and Lacy, they discover another human female that makes Rex yearn for a life beyond what he's known. Will giving in to this temptation spell disaster, or be his salvation?

Doctor Maggie Walsh is a top surgeon on Earth. As an academic, she never found a man worth her time. Suddenly she's faced with a fatal diagnosis which brings her face to face with a darkly handsome man, who claims he can cure her disease. But in return, he wants her to live in space...forever.

Will their feelings for each other prove strong enough when one of Arath's colonies is destroyed, thus igniting a war with their most dreaded enemy? More importantly, does this mean the Arathians will be forced to choose between love and duty to their planet, or is there another solution yet to be discovered?

Warning: Contains explicit sex scenes that may make readers crave hunky aliens with protective streaks. m/f

Written as the 2nd book in the Arathian Series, it can also be read as a stand-alone novel.
