Charles Baudelaire

Paris Spleen: little poems in prose (Wesleyan Poetry Series) Charles Baudelaire

Between 1855 and his death in 1867, Charles Baudelaire inaugurated a new—and in his own words “dangerous”—hybrid form in a series of prose poems known as Paris Spleen. Important and provocative, these fifty poems take the reader on a tour of 1850s Paris, through gleaming cafes and filthy side streets, revealing a metropolis on the eve of great change. In its deliberate fragmentation and merging of the lyrical with the sardonic, *Le Spleen de Paris* may be regarded as one of the earliest and most successful examples of a specifically urban writing, the textual equivalent of the city scenes of the Impressionists. In this compelling new translation, Keith Waldrop delivers the companion to his innovative translation of *The Flowers of Evil*. Here, Waldrop’s perfectly modulated mix releases the music, intensity, and dissonance in Baudelaire’s prose. The result is a powerful new re-imagining that is closer to Baudelaire’s own poetry than any previous English translation.
