## The Wit and Wisdom of Discworld Terry Pratchett

A flat planet traveling through space carried by four elephants balancing on the back of a giant turtle; a world populated by (mostly inept) wizards, dwarfs, despots, policemen, assassins, aged barbarians, vampires, thieves, witches, and civil servants; a place where technology, per se, is nonexistent but magic works . . . except when it doesn't.

Gleaned from more than two decades' worth of Discworld tales, here is an essential compendium of insightful musings, witty commentary, and sagacious observations by *New York Times* bestselling author Terry Pratchett, compiled by Pratchett expert Stephen Briggs.
