## The Great American Awakening: Two Years that Changed America, Washington, and Me Jim DeMint

Following his *New York Times* best seller, *Saving Freedom*, U.S. Senator Jim DeMint's *The Great American Awakening* chronicles two tumultuous years from the presidential election of 2008 through the mid-term elections of 2010. Untold insider views of the controversial stimulus bill passage, corporate takeovers, and lesser-known executive actions that epitomize political paybacks and moral decay will further motivate DeMint's fellow citizens to reclaim their government and country in 2012.

Just as fascinating, the South Carolina official talks openly about his seized upon high profile moments—from that "Waterloo" comment regarding health care reform to becoming known as "Senator Tea Party." He also addresses close-to-home disappointments such as the infidelity of Christian friends like Governor Mark Sanford and Senator John Ensign, and shares personal spiritual insights that came from being part of such public battles.

But more than anything, *The Great American Awakening* champions the American people who now feel a powerful stirring in their souls to take on Washington and realign politics in this nation. DeMint tracks grass-roots developments, and new movements like the Freedom Congress, fully expecting a fundamental sea change for the better to happen soon.

### Acclaim for *The Great American Awakening*:

"I have Senator DeMint on my show often because Americans know he'll tell the truth about what's wrong in Washington. His latest book is a riveting account about the fight for fiscal sanity in Congress. It's essential reading for anyone who wants to understand why so many Americans clued in and got involved with the Tea Party Movement in the last election. Senator DeMint was a huge part of this and I only hope he is as involved in the 2012 race for the White House as he was this past election."
