Southern Shifters: Dangerous Prey (Kindle Worlds Novella) Erika Masten

A desperate psychic running from her clan....

Curvy Tallan psychic Kendra Hennessey knows it's hard to hide among humans, but her alternative is abiding by the decree of the clan council and taking a mate to stabilize the erratic deterioration of her abilities—or face execution. What choice does she have when her senses tell her there is no match for her among the hidden Appalachian clans?

A self-exiled wolf turning from his pack....

Odin's Wolf shifter Martin Falk lives on the razor-fine edge between man and beast, never knowing if the next shift will trigger the wilding and trap him in his wolf form forever. His refuge is his rage and determination to sacrifice himself to protect his pack from the government teams that would exterminate them.

A stallion cut off from his herd....

Horse shifter Rory Galloway is one of only a few psychic werehorses left in the world and a symbol of hope for the decimated Windemere herd, but a symbol set apart is the last thing he wants to be. Urged by instinct eastward across the country, Rory must choose between the herd rallying around him and the mate and soul-brother who need his strength if they are to survive shattering transformations.

A target too good to pass up....

For the government strike teams trained to hunt supernaturals living secretly among humans, there is no better target than the straggler, the runaway, the lone wolf. Capturing a vulnerable Tallan psychic before she can mate and realize her full power is an opportunity worth any risk.

But not if the Odin's Wolf and stallion shifter answering her mating call have anything to say about it. Drawn together by fated desire but separated by doubt and distrust, will Kendra and her mates fall victim to Agency hunters before their growing bond can join them—and heal them? Or will three like minds and like hearts prove to be the most dangerous prey?

The wild and passionate heroes of Erika Masten's Aesir Shifters and Windemere Stallions BBW paranormal shape shifter romance series cross over into the world of Eliza Gayle's Southern Shifters to find a curvy psychic mate capable of taming their hearts in this erotic romance novella. Heat level: fierce.
