## **Why Can't I Have Everything? Teaching Today's Children to Be Financially and Mathematically Savvy, Grades PreK-2** Jane Crawford

In today's climate of financial extremities, it's more crucial than ever to integrate monetary and economic ideas into your mathematics teaching. This timely resource features over 40 lessons categorized by seven important financial literacy themes for young learners. The lessons include literature connections, corresponding formative assessments, games, suggestions for differentiating instruction, ideas for parents, and alignments to the Common Core State Standards for Mathematics. In the appendices you'll find reproducible letters for parents to go with the lessons, plus a final project that ties together all the lessons.

#### **Orville Hightower:**

As a college student exactly feel bored to help reading. If their teacher requested them to go to the library or to make summary for some publication, they are complained. Just minor students that has reading's spirit or real their leisure activity. They just do what the teacher want, like asked to go to the library. They go to generally there but nothing reading critically. Any students feel that studying is not important, boring and also can't see colorful images on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this Why Can't I Have Everything? Teaching Today's Children to Be Financially and Mathematically Savvy, Grades PreK-2 can make you really feel more interested to read.
