Business operations cases test your practical ability to get things done. From logistics and human resources to distribution and financing, operations questions cover the core issues that make companies run. But just because they're practical doesn't mean they're easy. Fortunately, by studying up on the case process and honing your case interview skills, you'll be impressing interviewers with your answers to business operations questions in no time. This WetFeet Insider Guide provides:

- The step-by-step WetFeet way of cracking any case question
- 14 sample questions that cover the key operational issues, from marketing to profitability
- Detailed examples of good and bad answers, with explanations of why some responses are stronger than others
- Suggested frameworks for handling the various types of operations questions, from the 3cs to the 4ps
- Tips from real consultants on avoiding possible case scenario stumbling blocks
- Running commentary on the interview, so you can see what the candidate is doing right-and wrong
