While termcap and terminfo are no longer as important as they once were, due to the growth of the X terminal market and increased standardization among ASCII terminals, handling different terminal types can still be a headache for system administrators. The termcap and terminfo databases are UNIX's solution to the difficulty of supporting many terminals without writing special drivers for each terminal. Termcap (BSD) and terminfo (System V) describe the features of hundreds of terminals, together with a library of routines that allow programs to use those capabilities. This book documents hundreds of capabilities and syntax for termcap and terminfo, writing and debugging terminal descriptions, and terminal initialization. Contents include:

- Terminal independence: the need for termcap and terminfo.
- Reading termcap and terminfo entries.
- Capability syntax.
- Initializing the terminal environment.
- Writing termcap and terminfo entries.
- Converting between termcap and terminfo.
- Detailed descriptions of the capabilities.
- Screen dimensions and cursor movement.
- Initialization and reset.
- Special and equivalent terminals.
- Many useful appendices.

**From reader reviews:**

**Carrie Rivas:**

As people who live in the modest era should be change about what going on or data even knowledge to make them keep up with the era that is certainly always change and advance. Some of you maybe may update themselves by studying books. It is a good choice in your case but the problems coming to an individual is you don't know which one you should start with. This termcap & terminfo (O'Reilly Nutshell) is our recommendation to cause you to keep up with the world. Why, because this book serves what you want and want in this era.

**Candice Foushee:**

Playing with family within a park, coming to see the coastal world or hanging out with good friends is thing that usually you might have done when you have spare time, then why you don't try matter that really opposite from that. Just one activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you are ride on and with addition of knowledge. Even you love termcap & terminfo (O'Reilly Nutshell), it is possible to enjoy both. It is good combination right, you still wish to miss it? What kind of hang type is it? Oh seriously its mind hangout people. What? Still don't buy it, oh come on its called reading friends.

**Harriet Dupree:**

As a student exactly feel bored for you to reading. If their teacher inquired them to go to the library or even make summary for some guide, they are complained. Just small students that has reading's internal or real their leisure activity. They just do what the educator want, like asked to go to the library. They go to generally there but nothing reading critically. Any students feel that looking at is not important, boring and also can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore this termcap & terminfo (O'Reilly Nutshell) can make you truly feel more interested to read.

**Virginia Higgins:**

Reading a reserve make you to get more knowledge as a result. You can take knowledge and information from the book. Book is written or printed or highlighted from each source this filled update of news. In this modern era like today, many ways to get information are available for you. From media social just like newspaper, magazines, science guide, encyclopedia, reference book, new and comic. You can add your understanding by that book. Are you hip to spend your spare time to spread out your book? Or just trying to find the termcap & terminfo (O'Reilly Nutshell) when you needed it?
