Flax Oil as a True Aid Against Arthritis, Heart Infarction, Cancer and Other Diseases, 3rd Edition

Johanna Budwig

Find out why fats govern all aspects of the human body.

Now translated for the first time into English by Apple Publishing, these lectures by seven-time Nobel Prize nominee and world-renowned Scientist & Biochemist have brought about a scientific revolution connecting the relationship between Cancer and Fat Metabolism.

After more than 10 years of solid clinical application, Dr. Budwig's natural formula has proven successful where many orthodox remedies have failed.

Dr. Budwig's formula has been used therapeutically in Europe for prevention of: Cancer, Arteriosclerosis, Strokes, Cardiac Infarction, Heartbeat (irregular), Liver (fatty degeneration), Lungs (reduces bronchial spasms), Intestines (regulates activity), Stomach Ulcers (normalizes gastric juices), Prostate (hypertopic), Arthritis (exerts a favorable influence), Eczema (assists all skin diseases), Old age (improves many common afflictions), Brain (strengthens activity), Immune Deficiency Syndromes (multiple sclerosis, autoimmune illnesses).

Thousands have flocked to hear Dr. Budwig lecture all over Europe and fewer people have had a greater impact on the medical community and modern nutritional science.

A must read, Dr. Budwig is considered by many to be the foremost authority on fats and healing.
