Are you living with ghosts? Most people who've lived in older homes, or stayed in a vintage hotel or inn, have encountered a ghost or two. For many of us, the ghost becomes a companion or--after awhile--seems like a member of the family. The ghost leaves the family alone, and they leave him or her alone. Except for the occasional fleeting glimpse of the ghost, or something slightly odd reminding you that the ghost is there, living with a ghost becomes "normal." As long as the ghost isn't territorial or malicious, or prankish (waking people up at night), you can probably share your home with him or her, comfortably. In this book you will be presented with the types of ghosts you might encounter, what to do if you encounter them and an extensive history of reported hauntings. Read through these pages and decide for yourself if you are a believer and if you think you might just have a ghost or two in your house. Included in this book are the subjects: Living with Ghosts, Have You Ever Seen A Ghost?, Why The Dead Want Our Attention, How Do You Know Your House Is Haunted?, Do People Jump The Gun And Assume Their House Is Haunted?, 16 Signs That Your House Is Haunted, Do Home Renovations Stir Up Ghosts And Hauntings?, Types Of Ghosts And Hauntings, Intelligent Hauntings, Residual Energy Imprint Hauntings, The Difference Between A Ghost And A Poltergeist, Communicating With The Dead, EVP's, Séances, Mediums, Ouija Boards - Is It Possible To Talk To The Dead?, Communication From The Dead, What Is Channeling?, Automatic Writing And Channeling, How To Capture Ghost Voices!, Telephone Calls From The Dead, Can Places And Things Be Haunted?, Do Stones Absorb Memories?
