Integrity Service: Treat Your Customers Right-Watch Your Business Grow Ron Willingham

Every company today recognizes the importance of good customer service and putting the customer first. Why, then, do service people so often treat us as though we're supposed to serve them, rather than the opposite? How often do we feel neglected, frustrated, or just plain unhappy -- wondering what happened to basic civility and common courtesy? Why do things seem to be getting worse rather than better? And how can businesses train employees to offer customers the courtesy and attention they are entitled to?

Ron Willingham, whose seminars and training sessions have helped big companies around the world change their employees' behavior, offers a new and subtler way of looking at customer service. Instead of the traditional "paint an artificial smile on your face" approach, *Integrity Service* brings the whole person into the service experience, showing that good customer relationships grow from employees' beliefs about who they are and what's possible for them to achieve, what career rewards they deserve, and what value they can give customers.

Integrity Service presents fundamental principles that lead to individual success and gives readers specific action guidelines for on and off the job. Willingham's documented success through his seminars and programs ensures that the hands-on help in this book will bring employees and managers to a new understanding of the nature of service.

In a world of automated phone systems and constantly frustrated customers, Ron Willingham provides a proven program that empowers employees to provide the superior service that people really want and deserve.

If you know how big advantage of a book, you can feel enjoy to read a reserve. In the modern era like now, many ways to get book that you simply wanted.

John Martindale:

As a scholar exactly feel bored in order to reading. If their teacher expected them to go to the library or make summary for some guide, they are complained. Just small students that has reading's heart and soul or real their pastime. They just do what the professor want, like asked to go to the library. They go to right now there but nothing reading significantly. Any students feel that reading through is not important, boring and can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this Integrity Service: Treat Your Customers Right-Watch Your Business Grow can

make you really feel more interested to read.
