Carol is at the end of her rope, and is willing to try anything in the hopes of curing her sexual frustration. To that end, she agrees to submit to the kinky doctor in a long term project at his bondage asylum, even though she doesn't have a clue what really goes on in there.

Once there, she's treated like any other patient, and put through an intense training regimen of bondage, submission, and the sexual gratification of those over her. Humiliating enemas and spankings are now part of her long and hard daily routine, and she begins to think she might've bitten off more than she can chew by entering the kinky doctor's bondage asylum.
