Advanced EMT: A Clinical-Reasoning Approach Plus NEW MyBradyLab with Pearson eText -- Access Card Package Melissa Alexander, Richard Belle

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you **select the correct ISBN**. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, **you may need a CourseID**, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

Packages

Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase.

Used or rental books

If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code.

Access codes

Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

--

Advanced EMT: A Clinical Reasoning Approach was developed to assist students in successfully completing their Advanced EMT course and ultimately obtaining their licensure. Advanced EMT is a new level of EMS provider, thus warranting a first edition textbook with the National EMS Education Standards as its foundation. Special care has been taken to ensure that the latest applicable research was reviewed during the development of this textbook, resulting in our ability to deliver the latest evidence-based patient care to you and your students.

From reader reviews:

Deborah Brantley:

Nowadays reading books become more than want or need but also become a life style. This reading behavior give you lot of advantages. The advantages you got of course the knowledge the particular information inside the book that will improve your knowledge and information. The information you get based on what kind of guide you read, if you want get more knowledge just go with education books but if you want feel happy read one using theme for entertaining like comic or novel. The particular Advanced EMT: A Clinical-Reasoning Approach Plus NEW MyBradyLab with Pearson eText -- Access Card Package is kind of publication which is giving the reader unforeseen experience.

Sheldon McLean:

Reading a book tends to be new life style with this era globalization. With reading through you can get a lot of information that will give you benefit in your life. Using book everyone in this world can certainly share their idea. Publications can also inspire a lot of people. A great deal of author can inspire their particular reader with their story as well as their experience. Not only the storyline that share in the publications. But also they write about the information about something that you need illustration. How to get the good score toefl, or how to teach your children, there are many kinds of book that exist now. The authors these days always try to improve their skill in writing, they also doing some analysis before they write for their book. One of them is this Advanced EMT: A Clinical-Reasoning Approach Plus NEW MyBradyLab with Pearson eText -- Access Card Package.

Walter Godinez:

Spent a free a chance to be fun activity to do! A lot of people spent their down time with their family, or their own friends. Usually they accomplishing activity like watching television, likely to beach, or picnic in the park. They actually doing ditto every week. Do you feel it? Do you need to something different to fill your free time/ holiday? Could possibly be reading a book is usually option to fill your free time/ holiday. The first thing that you'll ask may be what kinds of guide that you should read. If you want to consider look for book, may be the reserve untitled Advanced EMT: A Clinical-Reasoning Approach Plus NEW MyBradyLab with Pearson eText -- Access Card Package can be great book to read. May be it could be best activity to you.

Theresa Smith:

People live in this new moment of lifestyle always try to and must have the extra time or they will get great deal of stress from both everyday life and work. So , if we ask do people have free time, we will say absolutely indeed. People is human not only a robot. Then we request again, what kind of activity are you experiencig when the spare time coming to you actually of course your answer will certainly unlimited right. Then do you try this one, reading textbooks. It can be your alternative in spending your spare time, the
