## American Gods [Audiobook] [Cd] [Unabridged] Neil Gaiman

18 CDs / 20 1/4 Hours. Best-selling author Neil Gaiman is acclaimed for his imaginative tales that provide new takes on stories older than recorded history. In *American Gods*, he presents a magical blend of fantasy and horror in a delightfully twisted adventure featuring such imaginative creations as seven-foot-tall leprechauns, taxi-driving genies, and a pantheon of unforgettable characters. When Mr. Wednesday offers newly released Shadow a job, the ex-convict figures he's got nothing to lose. But Wednesday is more than he seems; he's one of the thousands of gods brought to America over the centuries by faithful immigrants. Soon Shadow is in the midst of a war between these weakening older gods and the rising contemporary gods--such as television and technology--that people now worship. At stake is more than Shadow's life, for the winning side stands poised to collect the soul of the nation. *American Gods* showcases all the skill and imagination that have won Gaiman the World Fantasy Award. George Guidall's scintillating narration leads listeners through the mystical realms that lie just beneath everyday life.
