Christianity is an African Religion: How African Spirituality Gave Birth to the Light of the World. Deconstructing White Christian Religious Racism ... African Origin of Western Religious Racism

Dr. Donald Henry Matthews Ph.D.

Christianity is an African Religion: How African Spirituality Gave Birth to the Light of the World. Deconstructing White Christian Religious Racism ... African Origin of Western Religious Racism Dr. Donald Henry Matthews Ph.D.

This book affirms that Christianity was based on Black Egyptian African Spirituality. This fact has been obscured, hidden and ignored by the impact of White Christian Religious Racism. Prior to the development of modern racism, with the beginning of the Transatlantic Slave Trade and its Rapetalistic Ideology of Racial, Sexual and Economic Oppression, it was widely accepted that African Spirituality was the basis for the major theological and ethical perspectives found in the Western religions of Christianity, Judaism and Islam. Due to Institutional Racism these facts have been withheld or misrepresented by our educational institutions. This miseducation serves to support racist ideas of Black Inferiority and White Supremacy that are used to oppress Americans of African descent. Black Egyptian Africans were the original recipients and developers of the revelations of theological and ethical concepts that defined the Western Religious Traditions. Concepts such as: Monotheism, Moral Codes, Eternal Life, Resurrection, A Dying and Rising Savior, Power of the Divine Feminine, and Scripture are just a few of the fundamental truths that these ancient Black African priests and scribes gave to the world which were then used to develop Western Religions. The book is based on an article written by Dr. Donald H. Matthews in the Journal of the American Academy of Religion (JAAR), the official professional journal of the American Academy of Religion. This book It is written in a style that makes it accessible to the general public. The afore mentioned article is reprinted for the benefit of the scholarly community and for those who wish to delve further into the subject.
