### **The Billionaire's Mail Order Bride**

Victoria Manning simply didn't need men. She liked them as friends or family members; but, in the house, getting in the way, tracking mud on the good carpet. No. Emphatically not. She read an offer in the newspaper offering a position as a wife with exactly the description of marriage she wanted.

Nathan Burdette didn't want a wife. The Millionaire ran his life as he wished. He didn't have time or desire to give a woman the kind of attention she wanted. However, he didn't have a choice. Not if he wanted the gold mine his father left him. The will said he must marry and produce an heir within a year. It couldn't be broken.

Victoria answered the ad. Nathan was pleased. She was pretty and independent and wanted to raise a child. Victoria liked the look of her soon-to-be husband. Nathan was tall, handsome and independent.

After a stop at the Justice of the Peace, they stood in their hotel room, looking at the bed in front of them, frozen with fear.

**Shae feels an instant connection to her savior and things get hot between the two of them almost immediately.** It is only when Cass starts talking of a third and dragons that she realizes that she is way in over her head. **Will Shae be able to handle the new twist life has given her or will she yearn for the driven life that she was used to? Can she really let go?**
