**What if everything we think we know about how the world works?our ideas of love, education, spirituality, work, happiness, and love?are based on Brules (bullsh\*t rules) that get passed from generation to generation and are long past their expiration date?**

This book teaches you to think like some of the greatest non-conformist minds of our era, to question, challenge, hack, and create new rules for YOUR life so you can define success on your own terms.

*The Code of the Extraordinary Mind* is a blueprint of laws to break us free from the shackles of an ordinary life. It makes a case that everything we know about the world is shaped by conditioning and habit. And thus, most people live their lives based on limiting rules and outdated beliefs about pretty much everything?love, work, money, parenting, sex, health, and more?which they inherit and pass on from generation to generation.

But what if you could remove these outdated ideas and start anew? What would your life look like if you could forget the rules of the past, and redefine what happiness, purpose, and success *mean for you*?
